

City of Pesaro's activities in the coronavirus crisis

Cultural activities

New social media platforms

The City of Pesaro has created 2 Facebook groups called “[Casa Pesaro](#)” and “[#iorestoacasa con Pesaro Cultura](#)”. *Casa Pesaro* is the official group of the Municipality of Pesaro: it is a collection of activities for citizens that are quarantined at home to fight the outbreak of Coronavirus. Thanks to the collaboration of many activities of the city, it offers a rich program of original contents concerning sports, cuisine, educational activities, music and culture in general. The initiative joins *#iorestoacasa con Pesaro Cultura*, a group connected to the Facebook page of the Pesaro Department of Culture, which wants to bring videos and digital content into the homes of the public, showing how rich and lively our territory is, following its most strong vocations: music, theatre, art, literature, cooking recipes and gastronomic advice. A small opportunity to feel less isolated and detached from everyday life, to enjoy positive moments but also to send a message of hope towards a future in which we will return to normality, a future in which cultural spaces will reopen its doors to restore momentum to *Pesaro UNESCO Creative City of Music*.
